

WE'RE TURNING *50!*

The year was 1969. The first man landed on the moon, Woodstock attracted more than 350,000 rock-n-roll fans, gas was 35 cents per gallon, and on April 25, the founding meeting of the credit union was held when teachers from the Wappinger's Central School District decided to create an alternative to the banks they had been using.

The last fifty years have been rich with history and change with numerous financial products and services added throughout the years to meet growing member needs. The credit union has seen exponential growth. We now serve over 33,000 members and are approaching nearly \$300 million in assets.

With the continued support of the board, the employees, and especially our members, we will continue to be a strong presence and a continued source of financial services in our community. Please join all of us at TEG Federal Credit Union in a celebration of our Golden Anniversary. It is a milestone, to be sure, that would not be possible without your loyalty and trust in our organization.
